

New Heart Outreach

A Central Bay District UMC Mission Project

**Collecting Children's
New Underwear & Socks**

Volunteers are needed! Phase 2 is underway.

We are so grateful to you! Thank you for your prayers and giving, which made it possible to begin reroofing, installing windows and replacing obsolete thermostats.

A combination of New Heart sponsoring churches and individual donations, plus tithings on stimulus checks by the New Heart Congregation in response to the challenging of a matching grant by an anonymous donor fully funded our reroofing, window and thermostat replacement projects for 2021.

New Heart's outreach and discipleship efforts are bearing fruit as we come out of the Coronavirus restrictions. Two adult Sunday School Bible studies began and are doing well. Spiritual growth and numerical growth are occurring as a result of New Heart's introduction of "Breakfast Church" Wednesday mornings as part of the Food Pantry. Through it we are developing relationships with new people, also experiencing church growth as some have begun to attend Sunday Worship, gaining team members who now help out as part of the Food Pantry team as well as in other ministries. Youth ministry is beginning to pick up both during Sunday morning attendance as well as a home youth Bible Study in East Saginaw.

The "Heart" of New Heart's ministry is reaching out to people to meet their needs with the love of Jesus, so that they too might know, love and serve Him in their lives. Your continued financial help is, and has been, deeply appreciated.

Your help is needed! We do need volunteers for late August - early September. At that time we will be ready to have the original church wooden windows repainted. If you are able to help out in this area, or to find out more, please contact Assistant Pastor Dave Stewart at 734-904-7218 or Trustee Chairman, Emmit Green at 989-297-3439.
